

“Verona Emergency Contact Registration Program”

The Verona Police Department in Cooperation with the Verona Health Department now has an emergency contact registration program in place:

The program is directed to senior citizens, those living alone, handicapped individuals and any resident with a special need or desire to participate. A registration form must be completed and the information is then given to the Verona Police Department and entered on their computer. The information is used in the following ways.

1. Contacting relative or close friends in the event of a medical emergency or if special assistance is needed.
2. Assist public safety personnel, police, fire rescue squad and emergency management in locating residents who might need assistance during an emergent situation or evacuation.
3. Provide the township with a listing of persons with special needs.

The information is kept at the Verona Police Desk for quick retrieval if needed and will be accessed only for public safety purposes. A copy of the registration form is below. Once downloaded and completed send it to the Verona Police Department 600 Bloomfield Avenue (att: Sue DeWitt) or Verona Health Department 880 Bloomfield Avenue (att: Connie Pifher)
