Ms. Neale,

The Police Department has many concerns regarding limited on-site parking, as well as below grade and proposed 'stacked' parking stalls.

Being so close to the business district, the area has very limited street parking currently with issues consistently being adjusted as well as enforced. We hold monthly meetings with the business and tenant community in this area trying to improve conditions. Currently, there are also egress issues with Grove Ave accessing Bloomfield Ave with the present layout.

The basement parking also concerns us for accessibility issues for emergencies as well as radio coverage. We would like to know more about 'stacked parking' as listed in the plans.

Respectfully,

Chief Kiernan
