

**Verona Community Garden Bed Agreement - 2023**  
**<https://www.veronanj.org/communitygarden>**

**Mission Statement:** The mission of the Verona Community Garden (VCG) is to provide sustainable gardening opportunities for the physical and social benefit of the people of Verona through the cultivation and maintenance of a common greenspace.

A community garden contributes to the vitality of Verona by:

- Creating opportunities for gathering and interpersonal connection
- Providing an educational resource for people of all ages and abilities
- Increasing participation in sustainable practices through health and wellness activities for all citizens

**Vision:** The vision of the Verona Community Garden (VCG) is to provide opportunities for people to grow food for themselves, increase their healthy activity, get to know their neighbors, and create and maintain a beautiful common space. These essential assets create connections to self, others and the community at large. Verona's residents will treasure and care for this legacy, as a landmark in caring for future generations.

The VCG is administered by the VCG Committee and overseen by the Township of Verona.  
The VCG is located at the H.B. Whitehorne Middle School adjacent to municipal lot #1.

**Fees and Seasons:** \$60 for the use of one 4' x 8' garden bed, \$30 for half. The fee for the garden is refundable until Friday, April 1, 2022. Garden beds are available to lease per garden season, March through November. There are ADA accessible garden beds available.

Verona residents only may apply for beds. The person completing the agreement must be 18 years of age or older, however, family members/caregivers may use the bed with the permission of the responsible party and must be listed below. Garden beds at all times remain the property of the Verona School District (excluding the crops), and are non transferable, which means that should a gardener not be able to maintain their bed, the VCG Manager should be notified immediately by email at: [veronanjcommunitygarden@gmail.com](mailto:veronanjcommunitygarden@gmail.com). The garden bed will be *offered to the next person on the waiting list*, the fee for the bed is non-refundable. After the fee is paid in full and the signed contract submitted, the gardener will be allowed access when the garden opens for the season on or about March 18, 2023.

Due to the overwhelming demand for garden beds, a yearly lottery will take place for the beds. A waiting list will be created and each person will be notified in the order received when a bed is available. Requests for a second bed will not be considered at this time.

Notwithstanding any of the foregoing, the Verona Board of Education reserves the right to terminate its involvement in the VCG, when it is deemed in the best interest of the School District.

**Obligations of Gardeners:** The main obligation is to keep the community garden a happy, secure and an enjoyable place where all participants can garden and socialize peacefully in a neighborly manner. Gardeners should respect the integrity of other garden beds and conduct themselves in a responsible manner on the premises. Gardeners are required to follow the rules and regulations of Verona Township.

**Gardeners must keep their garden bed and bed perimeter maintained regularly including: control of weeds, pests and disease** with organic products (as found on the Organic Materials Review Institute's list at <https://www.omri.org>), **staking plants to keep plants within the bed and disease tolerant, harvesting plants upon maturity and disposing of waste in the proper place.**

If you are unable to maintain your bed, please notify the VCG manager immediately. If a bed is not maintained or becomes abandoned, the following steps will be taken:

- First, a verbal warning will be given.
- If there is no response or correction after 7 days, the gardener will receive a written notice.
- If, after another 7 days, the violation has not ceased or been fixed, the bed will be forfeited, and the gardener will lose their privileges and plot for the remainder of the season and will not be offered a plot the following season.

Perennials may only be included in beds if they remain in a pot. These pots must be removed at the end of the season. Vegetables must be harvested when they ripen. If you cannot harvest your produce in a timely fashion the VCG committee reserves the right to first notify you, then pick the produce so it can be donated. Gardeners must monitor and immediately treat plant diseases and pests. (See binder in shed for fact sheets on identification and treatment). Gardeners must also report diseases and pests to the garden manager. Remove all your trimmings and prunings from the premises at the end of your gardening session; keep the garden sanitary. There will be no composting on site. Pets are prohibited from entering the VCG. Be vigilant and report any suspicious behavior to the VCG Manager or the Verona Police Department.
