

<u>Pickle-Ball</u> Game Play Spring - 2024

Verona Recreation is excited to offer this class for children who have already taken an introduction program, or know how to play. This program will teach some more advanced skills for players to improve their game, but will devote most of the time to game-play. This is a super fun game that is easy to learn and fun to play no matter what level player you are. This class will be taught by veteran instructor's Lisa Mason and Susan Dul.
