

This is the year to...GROW YOUR OWN!

You have a unique opportunity this spring:

To grow YOUR OWN Rutgers 250 Tomatoes!

Never tried it? Never fear!

Rutgers Cooperative Extension of Essex County will send you some Rutgers 250 Tomato Seeds along with the Rutgers Fact Sheet on starting tomato seeds that will grow into beautiful tomato plants you will be proud to call your own!

Still unsure?

The Master Gardener's Helpline of Essex County (973)-228-2210

has helpful voices waiting for your call from 10am-2pm, Monday through Friday!

Just email essexrce@njaes.rutgers.edu and provide your address to get these seeds in the mail for you!

RUTGERS

New Jersey Agricultural
Experiment Station

A Classic Jersey Tomato Re-invented 'Rutgers 250' Tomato

- An improved version of the 'Rutgers' tomato that was released in 1934, made by crossing the same parent varieties as the original.
- Named in honor of the University's 250th anniversary.
- Mid-season maturity. Firm, crack-resistant fruit; high flavor, uniform color. Semi-determinate plants; best if staked.

1956-2016
